## Congregational Church Notes.

The midweek service will be held in the vestry tonight as usual. The series of studies upon the Christian life will be continued. The special phase of the subject to be considered at this meeting is: "Reasons for being a Christian." The pastor will speak briefly and it is hoped that others will aid in the presentation of the theme. A good attendance and a helpful service is expected.

The sale of parcels by auction to be held in the vestry tomorrow night will doubtless be largely attended. The ability of the ladies who are to be the auctioneers is well known and it is certain that they will do their part toward making the evening interesting and enjoyable. Lunch will be served free. The cause is worthy, the program unique, the patronage should be large.

Morning worship Sunday at the regular hour. The pastor's sermon will be upon "Christianity's Commendation." The choir under Mr. Taplin's direction, will have some excellent music. A good, substantial, helpful service may be expected, and a cordial welcome is extended to all.

The Sunday school will meet directly after morning worship. Lesson topic: "Jesus the Great Teacher." Come, sit at His feet for awhile that we all may learn of Him. Classes for all ages already organized and a cordial invitation to all to join us.

The Jr. Endeavor meeting will be in the vestry Sunday afternoon at 3 o'clock. This meeting is invariably well-attended and proves very interesting and helpful.

The evening service will be in the church at 7.15. The pastor will speak briefly upon "Having the Spirit of Christ." This will be an important presentation and the pastor will endeavor to treat it broadly and fairly, practically and frankly. You should be at this service. We also expect some hymns you will enjoy.

## Glee Club Concert.

The club showed the results of excellent drill and the voices were all of pleasing quality. The cello solo by Miss French the whistling by Miss Cady, the duet by Misses Nichols and May, Miss Randall's reading, the folk dances and Miss Brownell's singing were particularly enjoyed. Dancing filled the time for the O. H. S., and St. J. A. young people until the latter left on the 11.48 south. ## Warm Covering.

Private Jimson was relating his experiences of the Boer war. He said he was once taken prisoner, and the Boers stripped him of all his clothing. "Did you feel the cold much?" asked a pal.

## Misleading Names.

Perhaps the most misleading name on the map is that of Tierra del Fuego, the "Land of Fire." The name would imply that it was a land of volcanoes in constant activity. The fact is, however, that it contains no volcanoes and is a country of perpetual wet and cold. It got its name from the fact that it was sighted by Magellan at night in consequence of a large fire having been ignited by the natives on shore. The same discoverer happened to have very fine weather after he had rounded the Horn and so gave the name "Pacific" to a part of the ocean which is exceptionally subject to storms.

## FATHER TIME.

He who knows most grieves most for wasted time.—Dante.

The days are made on a loom whereof the warp and woof are past and future time.—Emerson.

Time which strengthens friendship weakens love.—De La Bruyere.

Think not thy time short in this world since the world itself is not long. The created world is but a small parenthesis in eternity, and a short interposition for a time between such a state of duration as was before, it may be after it.—Sir Thomas Browne.

That great mystery of time, were there no other; the illimitable, silent, never resting thing called time, rolling, rushing on, swift, silent, like an all embracing ocean tide, on which we and all the universe swim like exhalations, like apparitions which are and then are not; thus is forever very literally a miracle, a thing to strike us dumb, for we have no word to speak about it.—Carlyle.
